

This guide will show you how to access **immersive reader** in Office 365 for Microsoft Word and Outlook

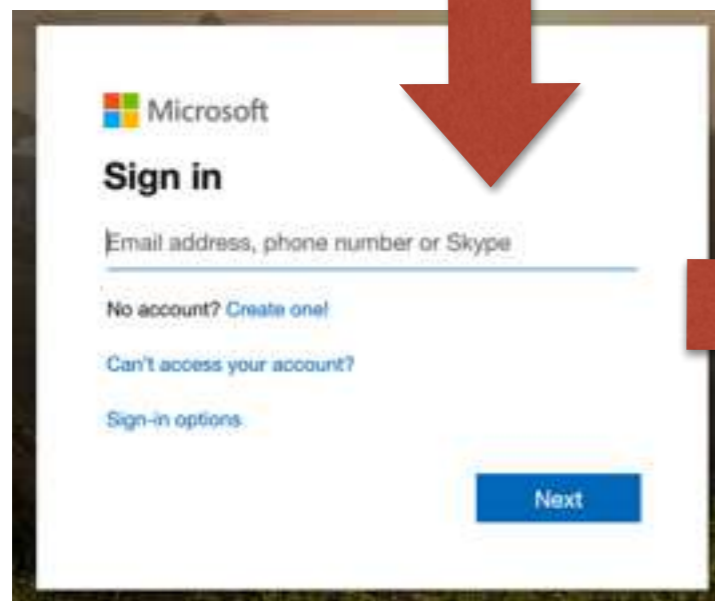

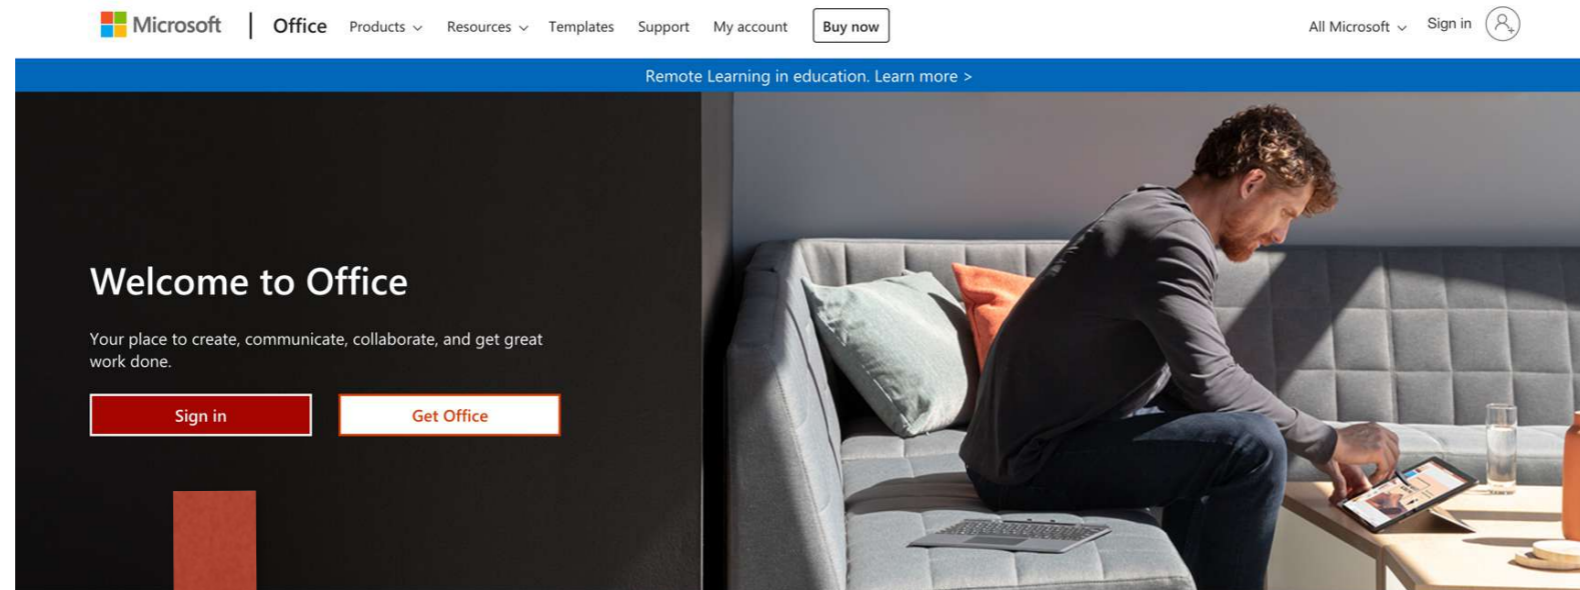

Immersive Reader is a full screen reading experience to increase readability of content in Microsoft Word and Outlook. It is designed to support students with dyslexia and dysgraphia in the classroom, but can support anyone who wants to make reading on their device easier.

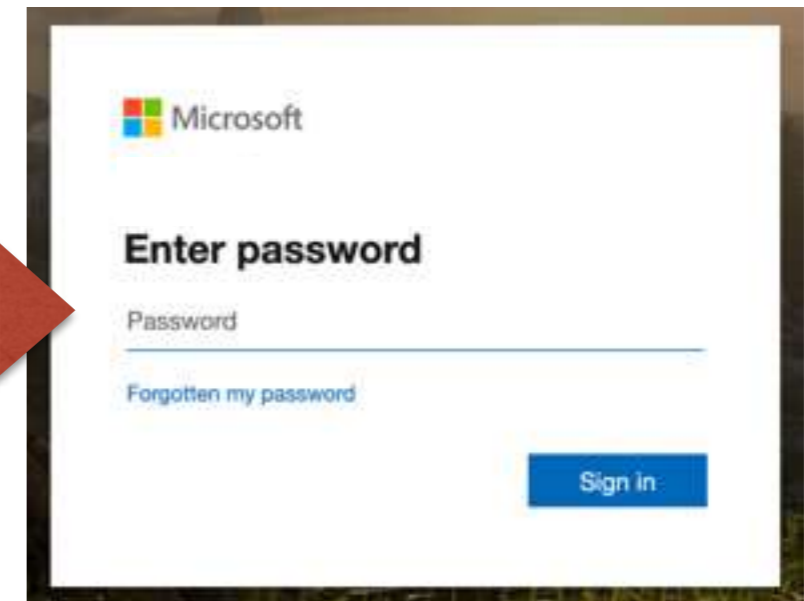

STEP: 1 Log On

Click on:

Sign in

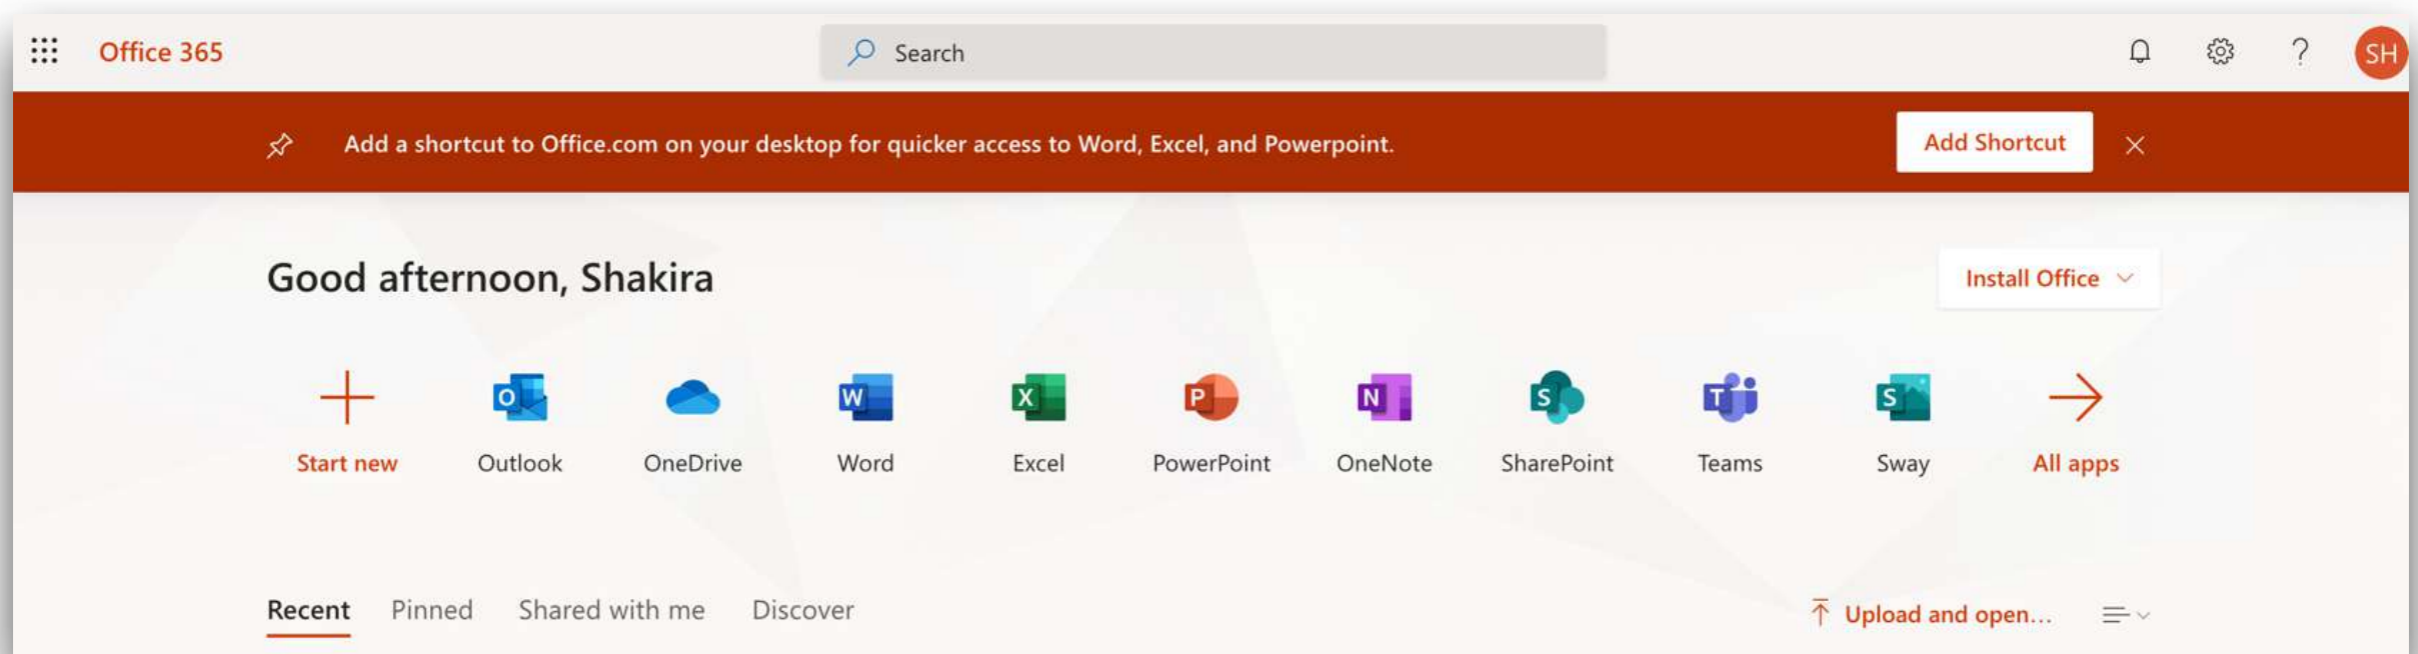

Type in your school email that has been provided.

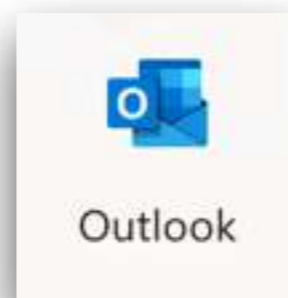

Type in your school password that has been provided.

STEP: 2

You now have access to applications that you have been learning to use in your ICT lessons.

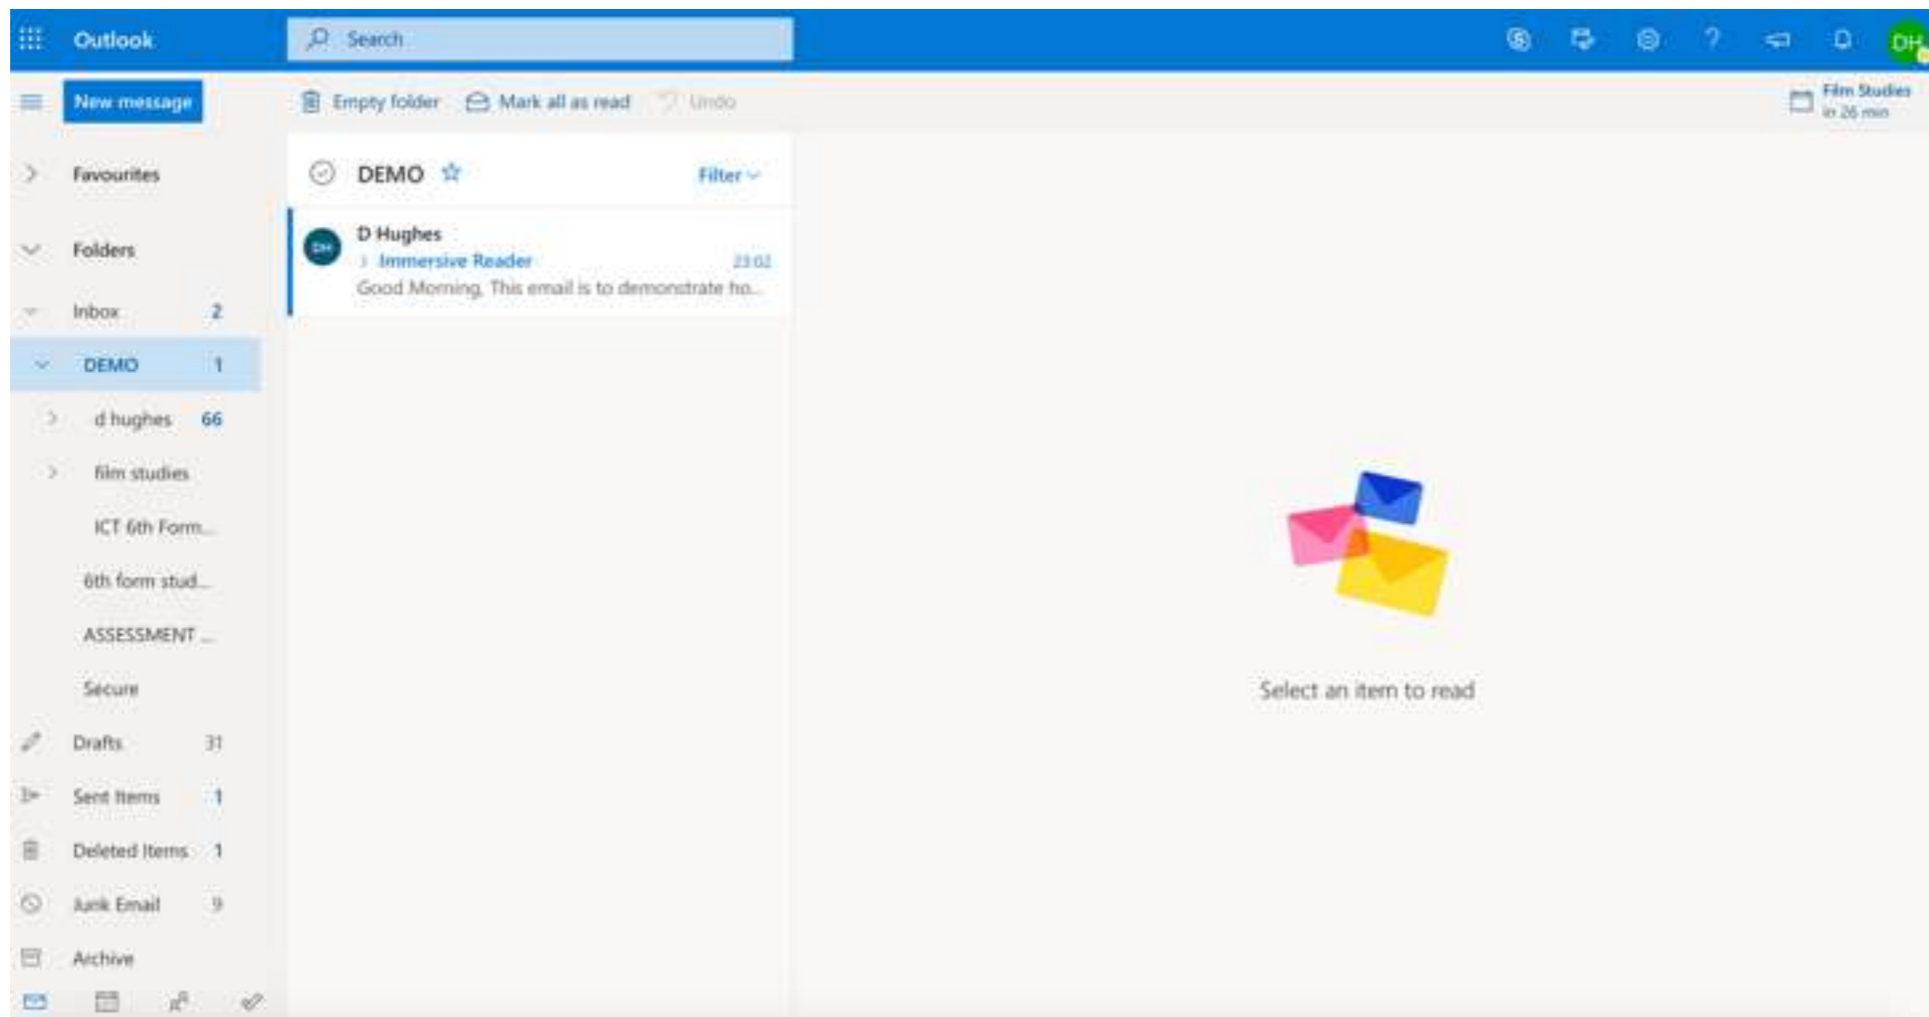

Select:

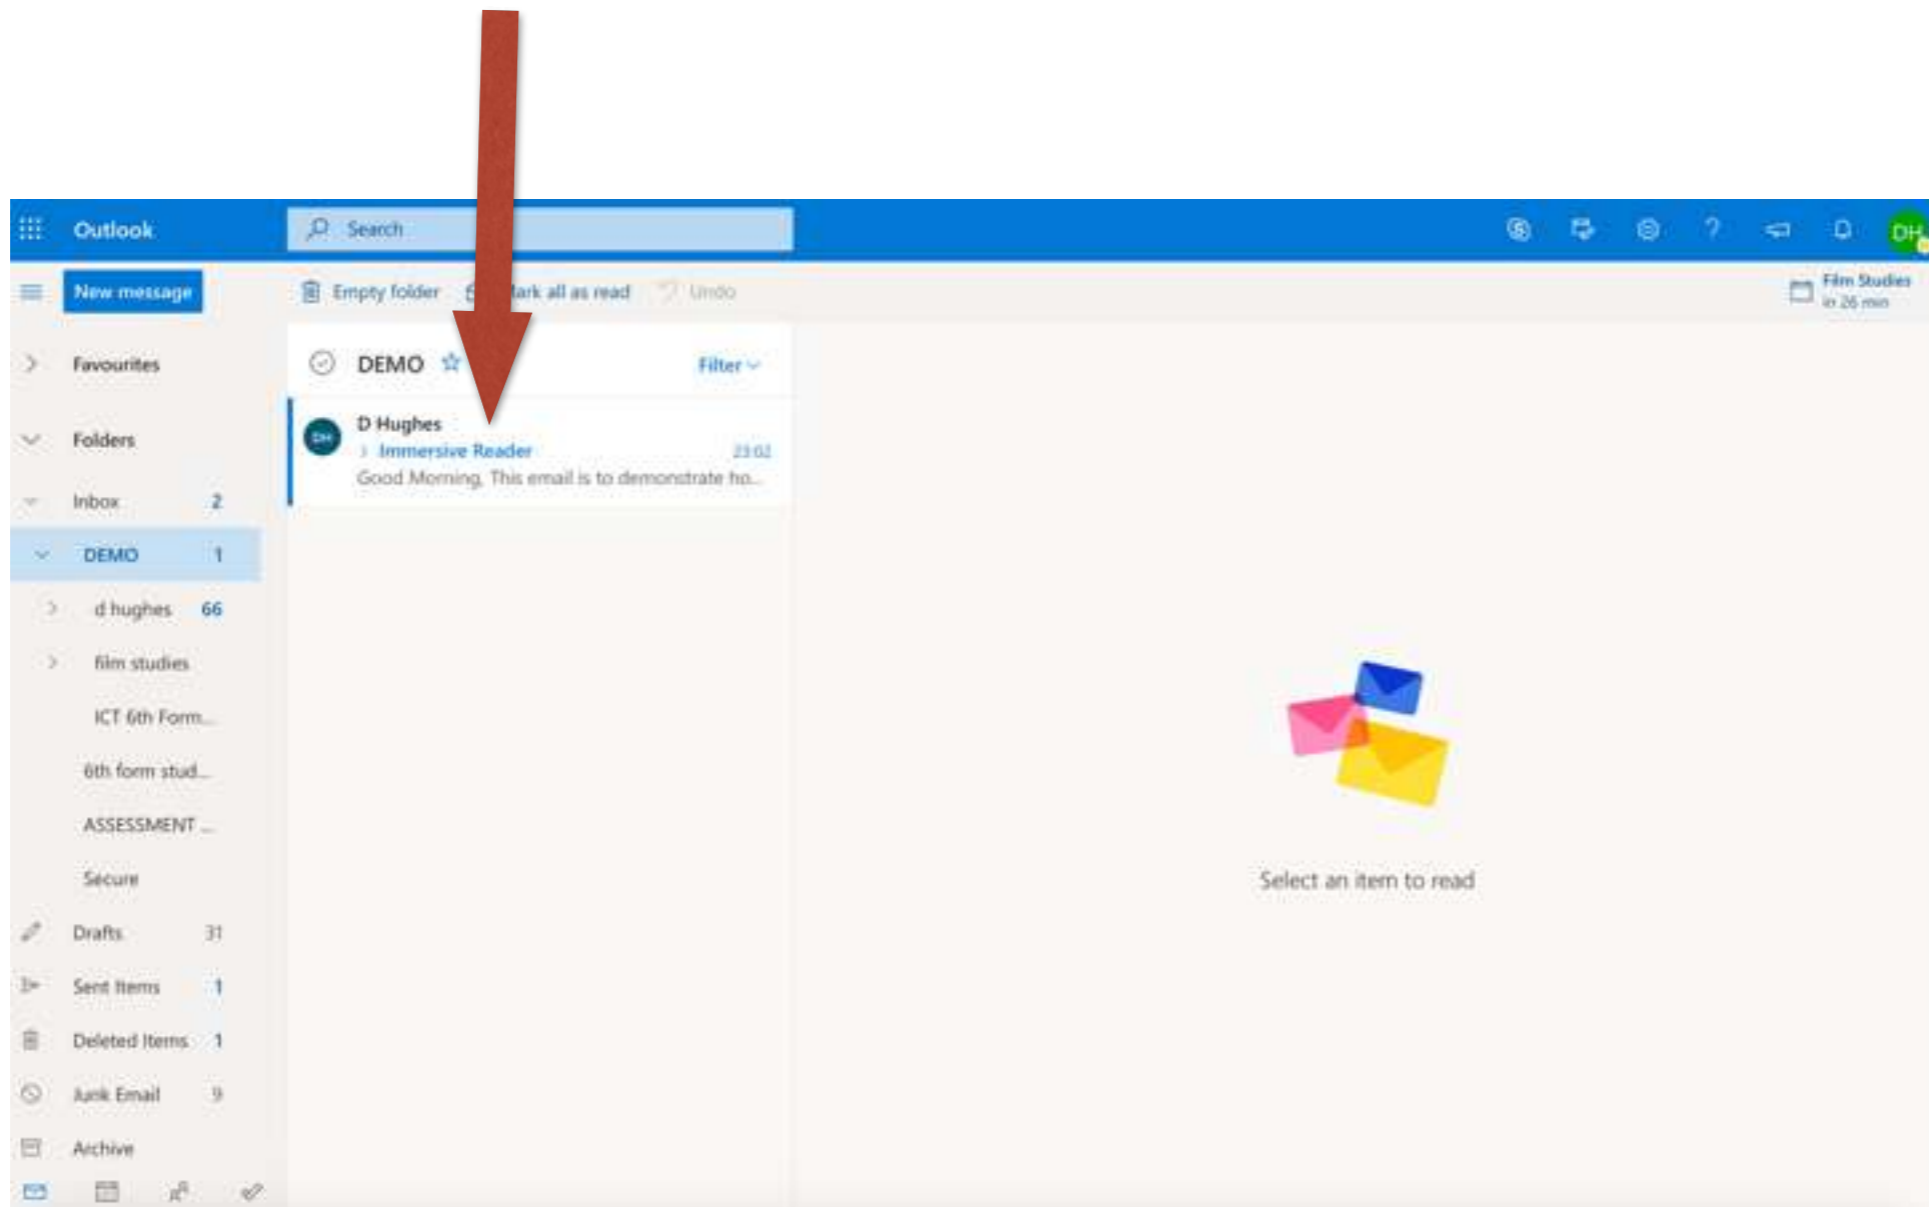

Outlook

You now have access to your school emails and can send and receive messages. Sometimes messages can be difficult to read.

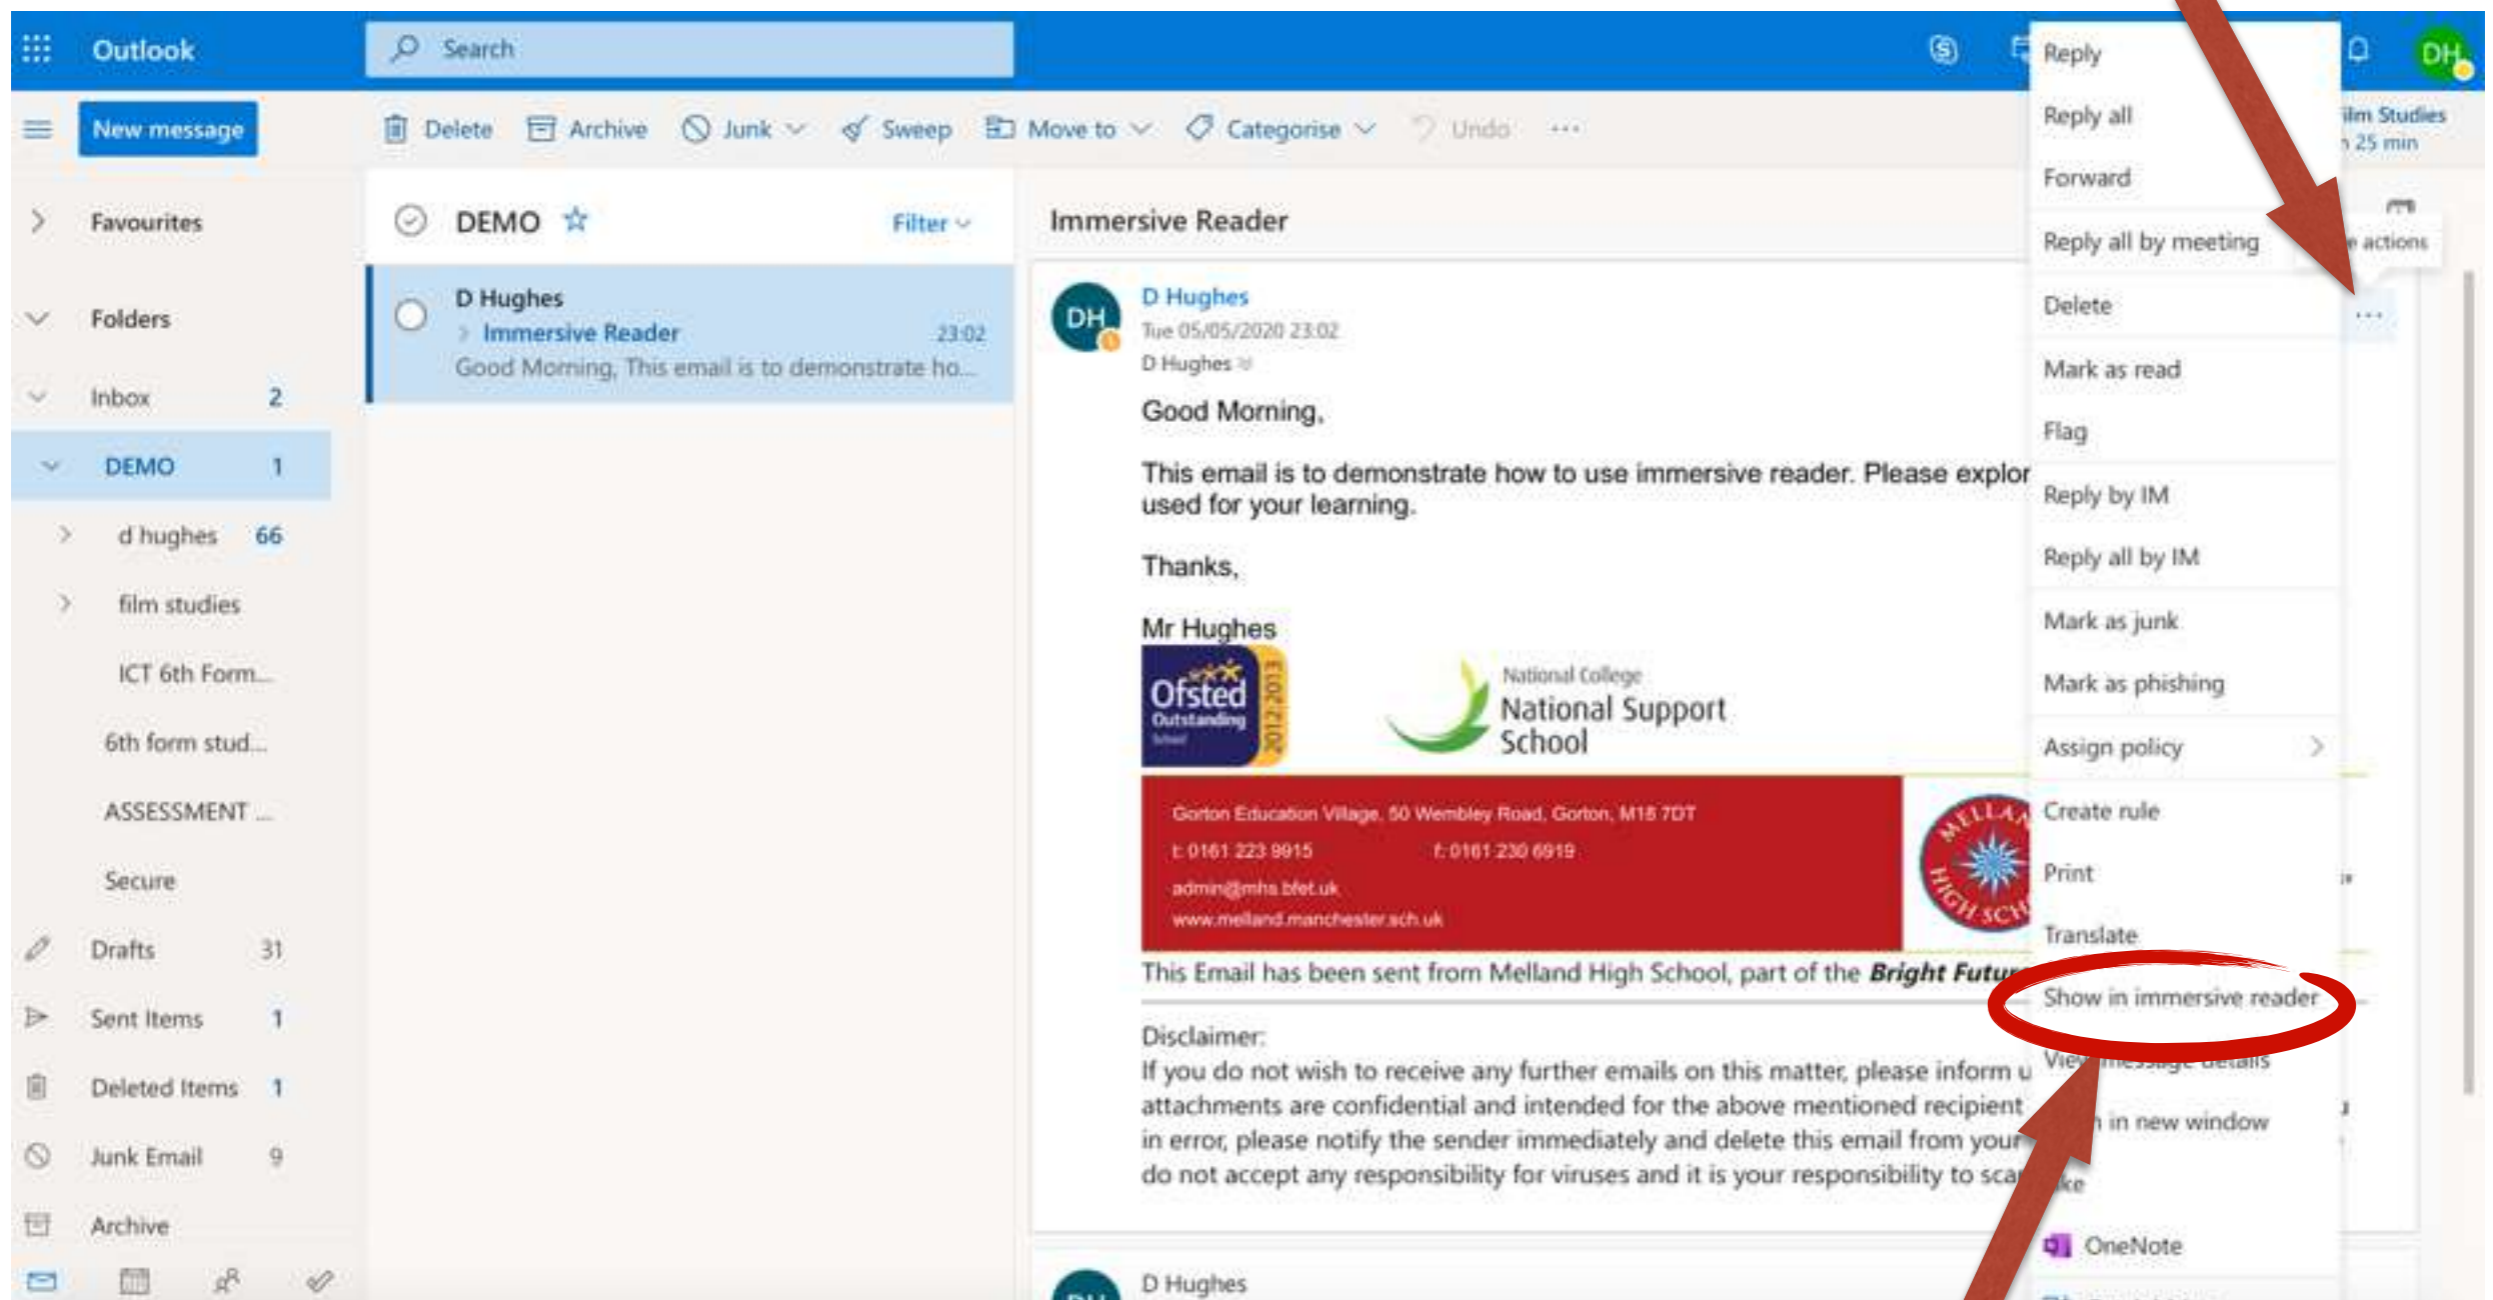

TASK: Reading an email

Select the message you would like to have read to you

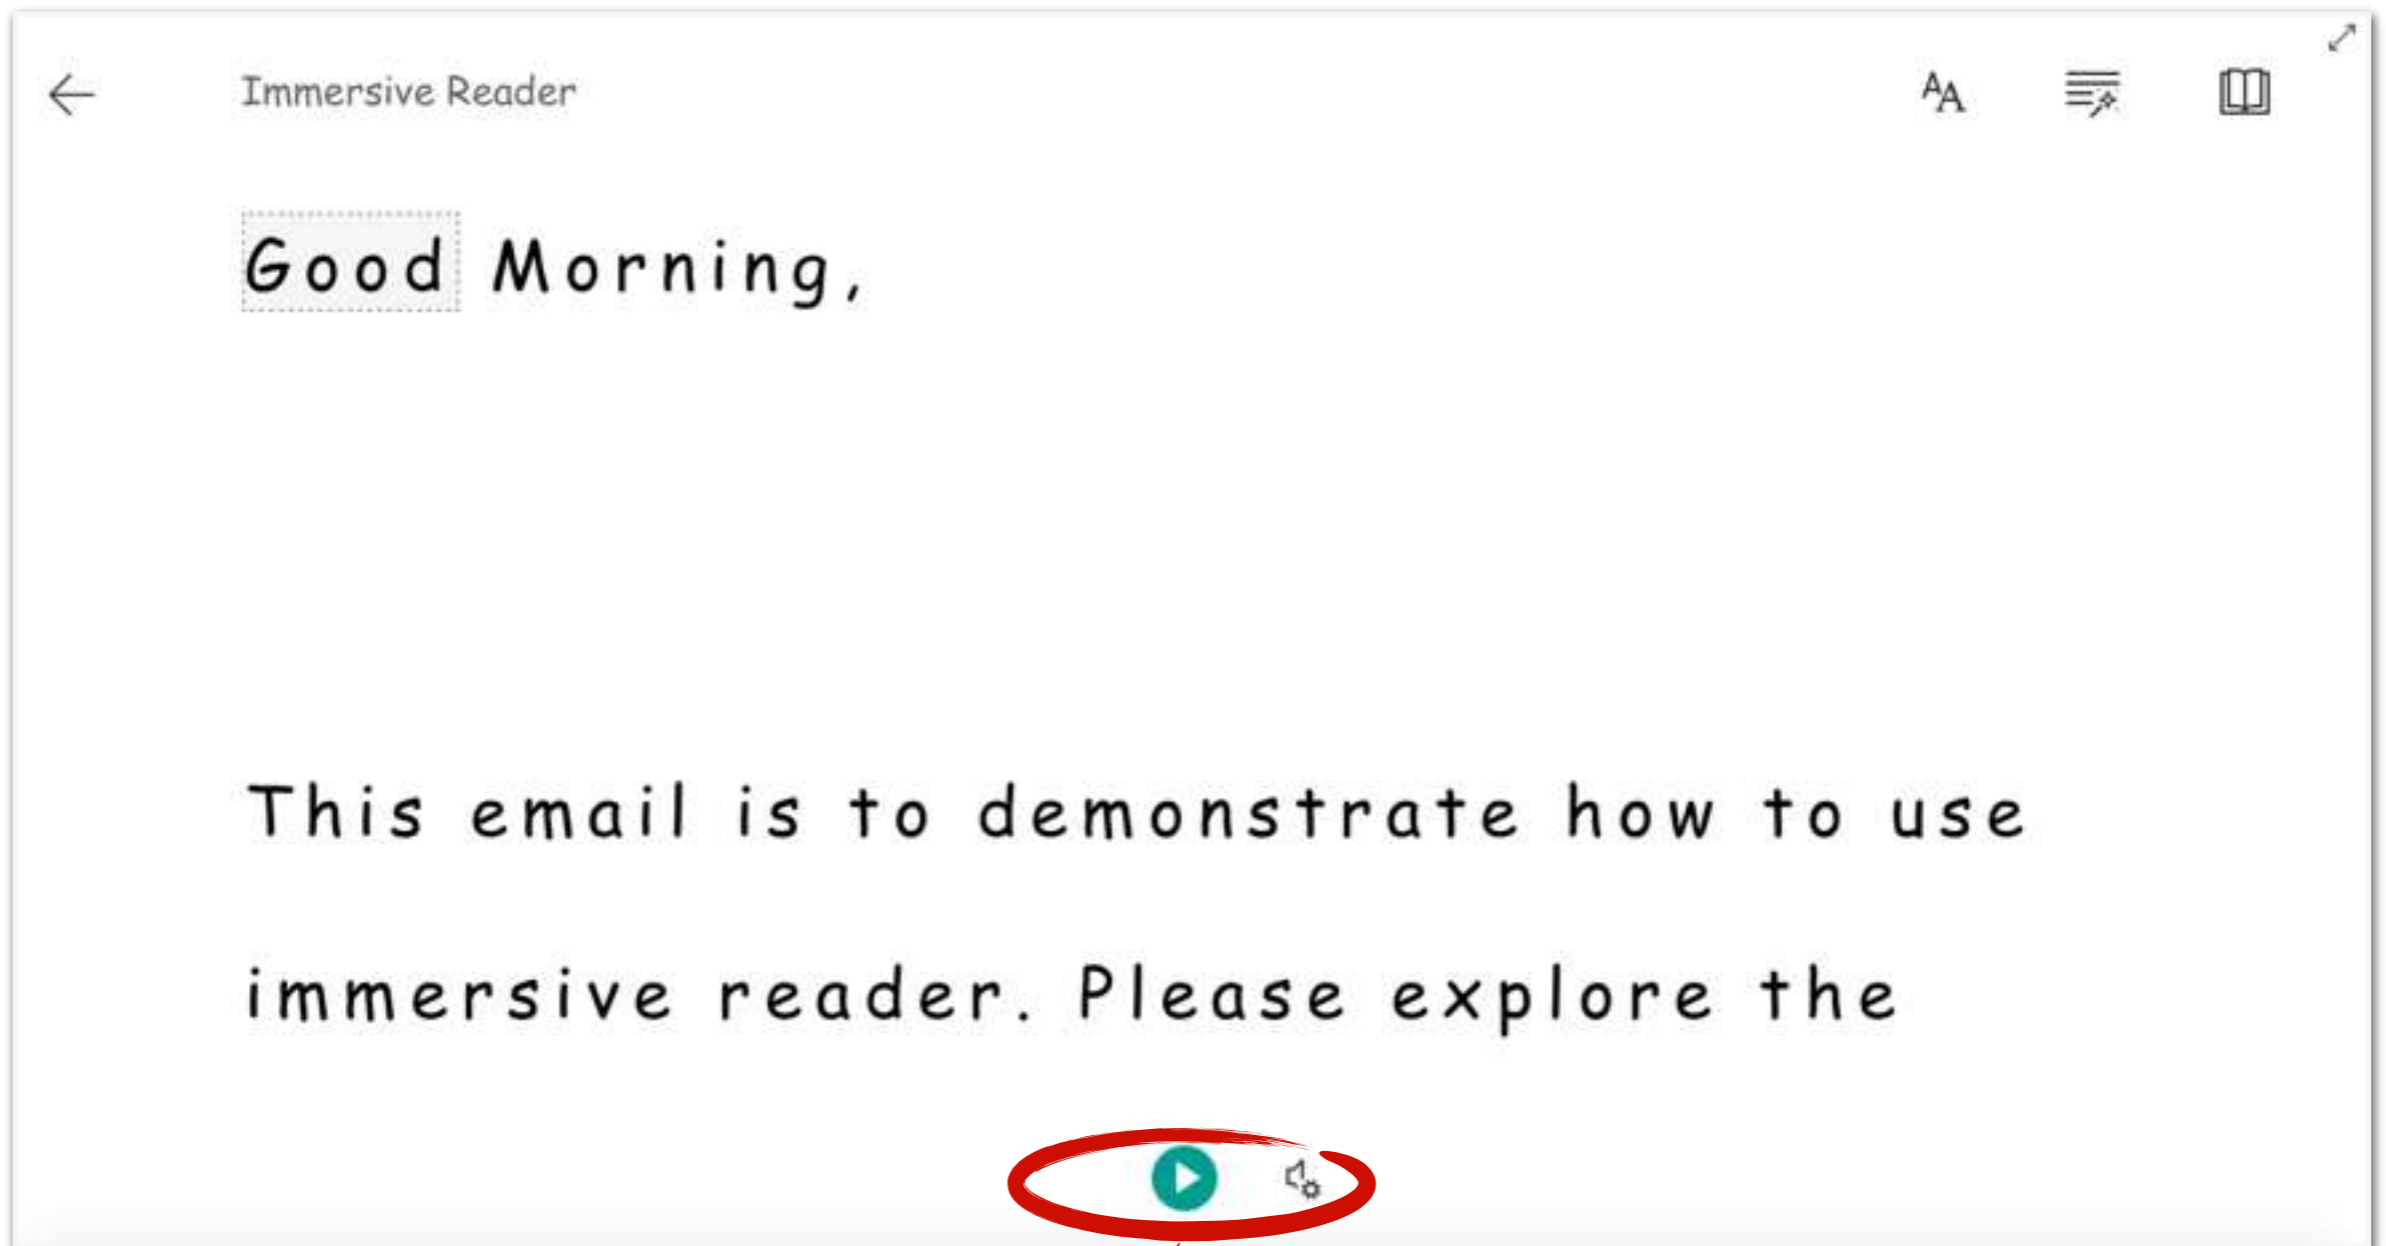

TASK: Reading an email

Select the three dots on the corner of the email

Select the '*show in immersive reader*' option.

Select the play button and the device will read the email to you.

Select the text preferences for more support options

The screenshot displays the Immersive Reader interface. On the left, the text "Good Morning," and "This email is to demonstrate how t
immersive reader. Please explore t" is shown in a monospaced font. On the right, a settings panel is open, featuring a red arrow pointing to the "AA" icon. The settings include a "Text Size" slider set to 42, an "Increase Spacing" toggle that is turned on, a "Font" section with radio buttons for Calibri, Sitka, and Comic Sans (which is selected), and a "Themes" section with six color-coded buttons (white, black, tan, green, cyan, yellow). The white button has a checkmark. Below the themes is a "More colors" dropdown and a "Show Source Formatting" toggle that is also turned on.

Select the Grammar icon for more support options

The screenshot displays the Immersive Reader application. On the left, the text "Good Morning," is shown in a large, black, monospaced font. Below it, a larger block of text reads "This email is to demonstrate how t
immersive reader. Please explore t". At the bottom of the main content area, there is a green play button icon and a gear icon. On the right side, a settings panel is open, featuring a red arrow pointing to the Grammar icon (represented by a list with a pencil). Other icons in the panel include a font size icon (AA), a book icon, and a close icon (X). The settings panel includes a "Syllables" toggle, a "Parts of Speech" section with color-coded dropdowns and toggles for "nouns" (purple), "verbs" (red), "adjectives" (green), and "adverbs" (yellow), and a "Show labels" toggle. A help icon (?) is located at the bottom right of the settings panel.

?

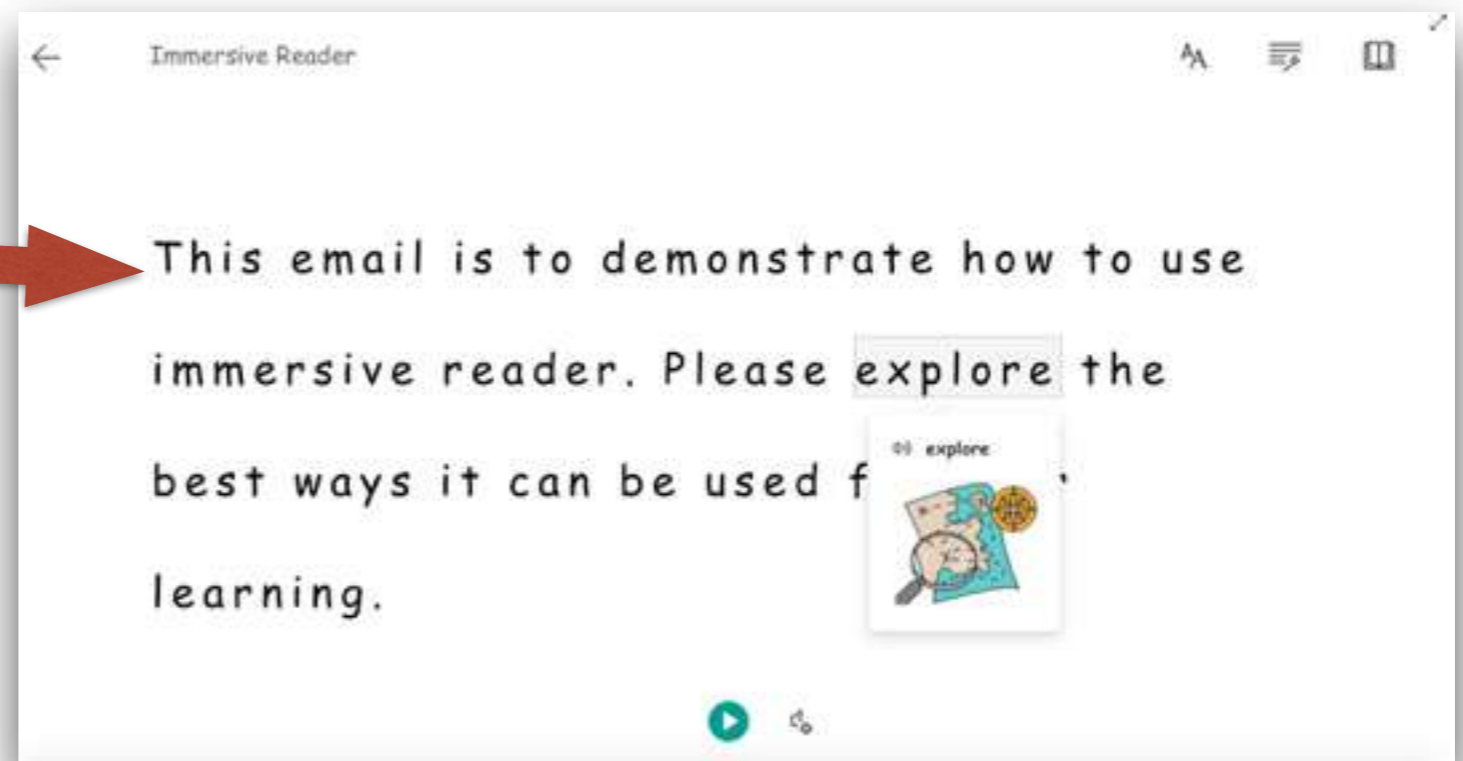

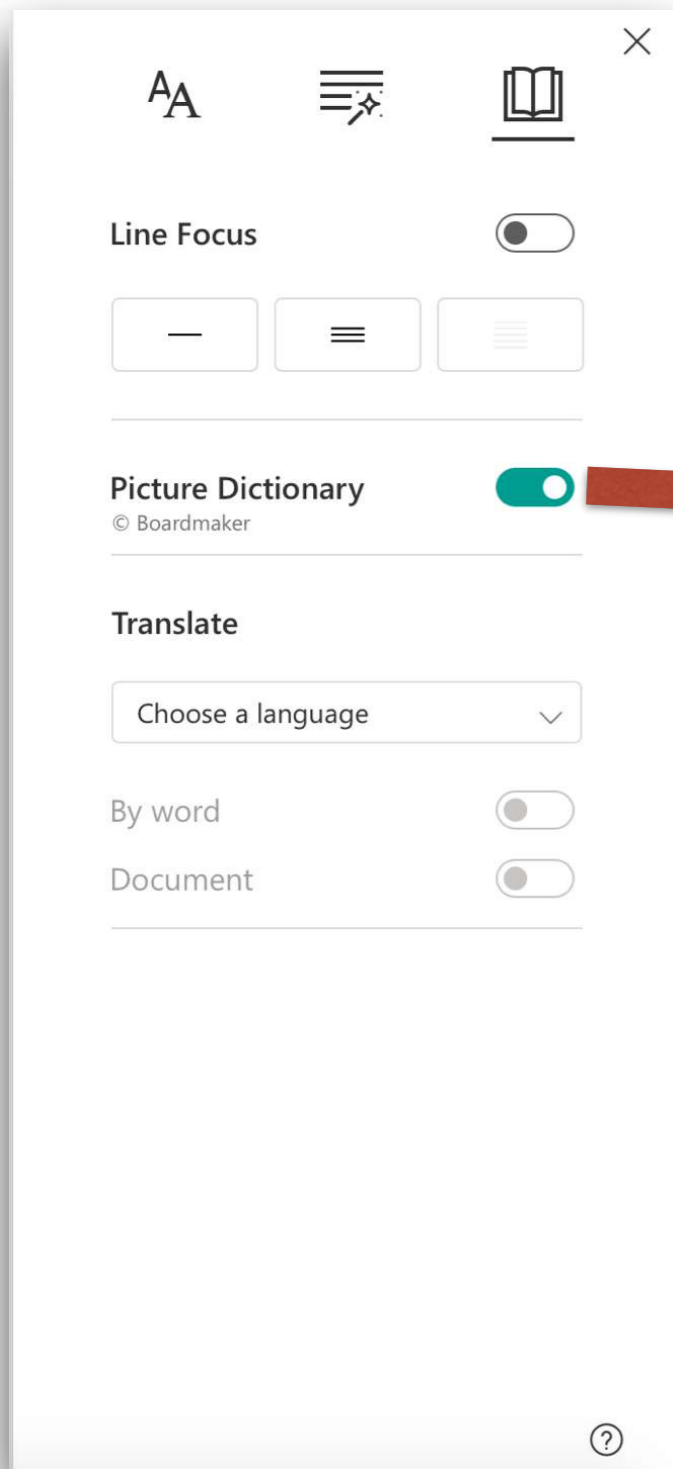

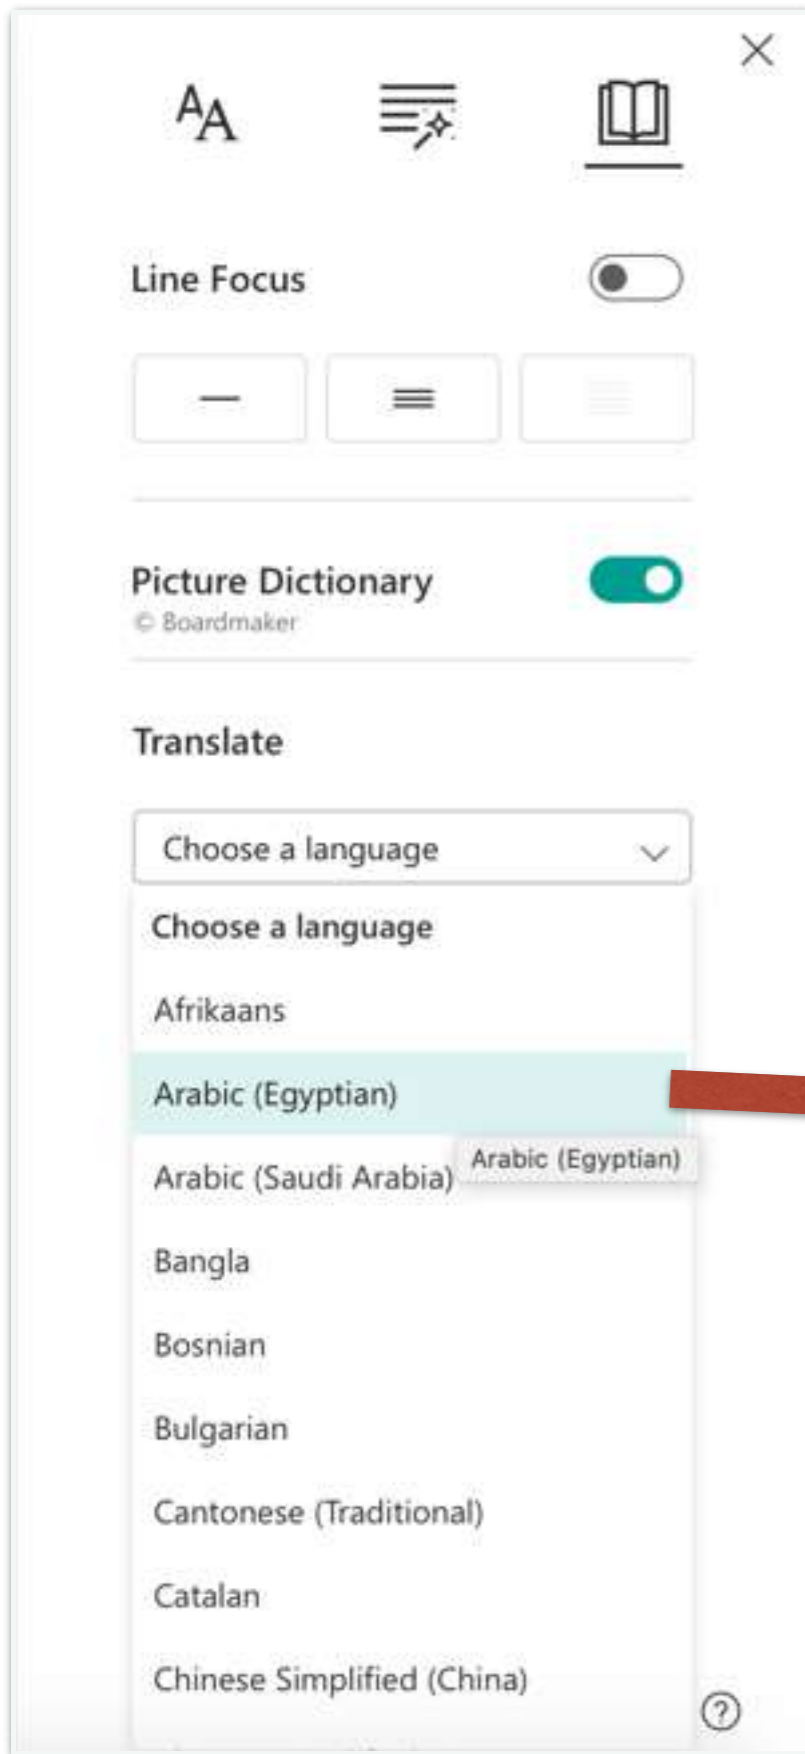

The single line guides you through one line at a time.

The triple line guides you through three lines at a time.

Having the picture dictionary turned on allows you to click on a word and an image will appear to represent that word.

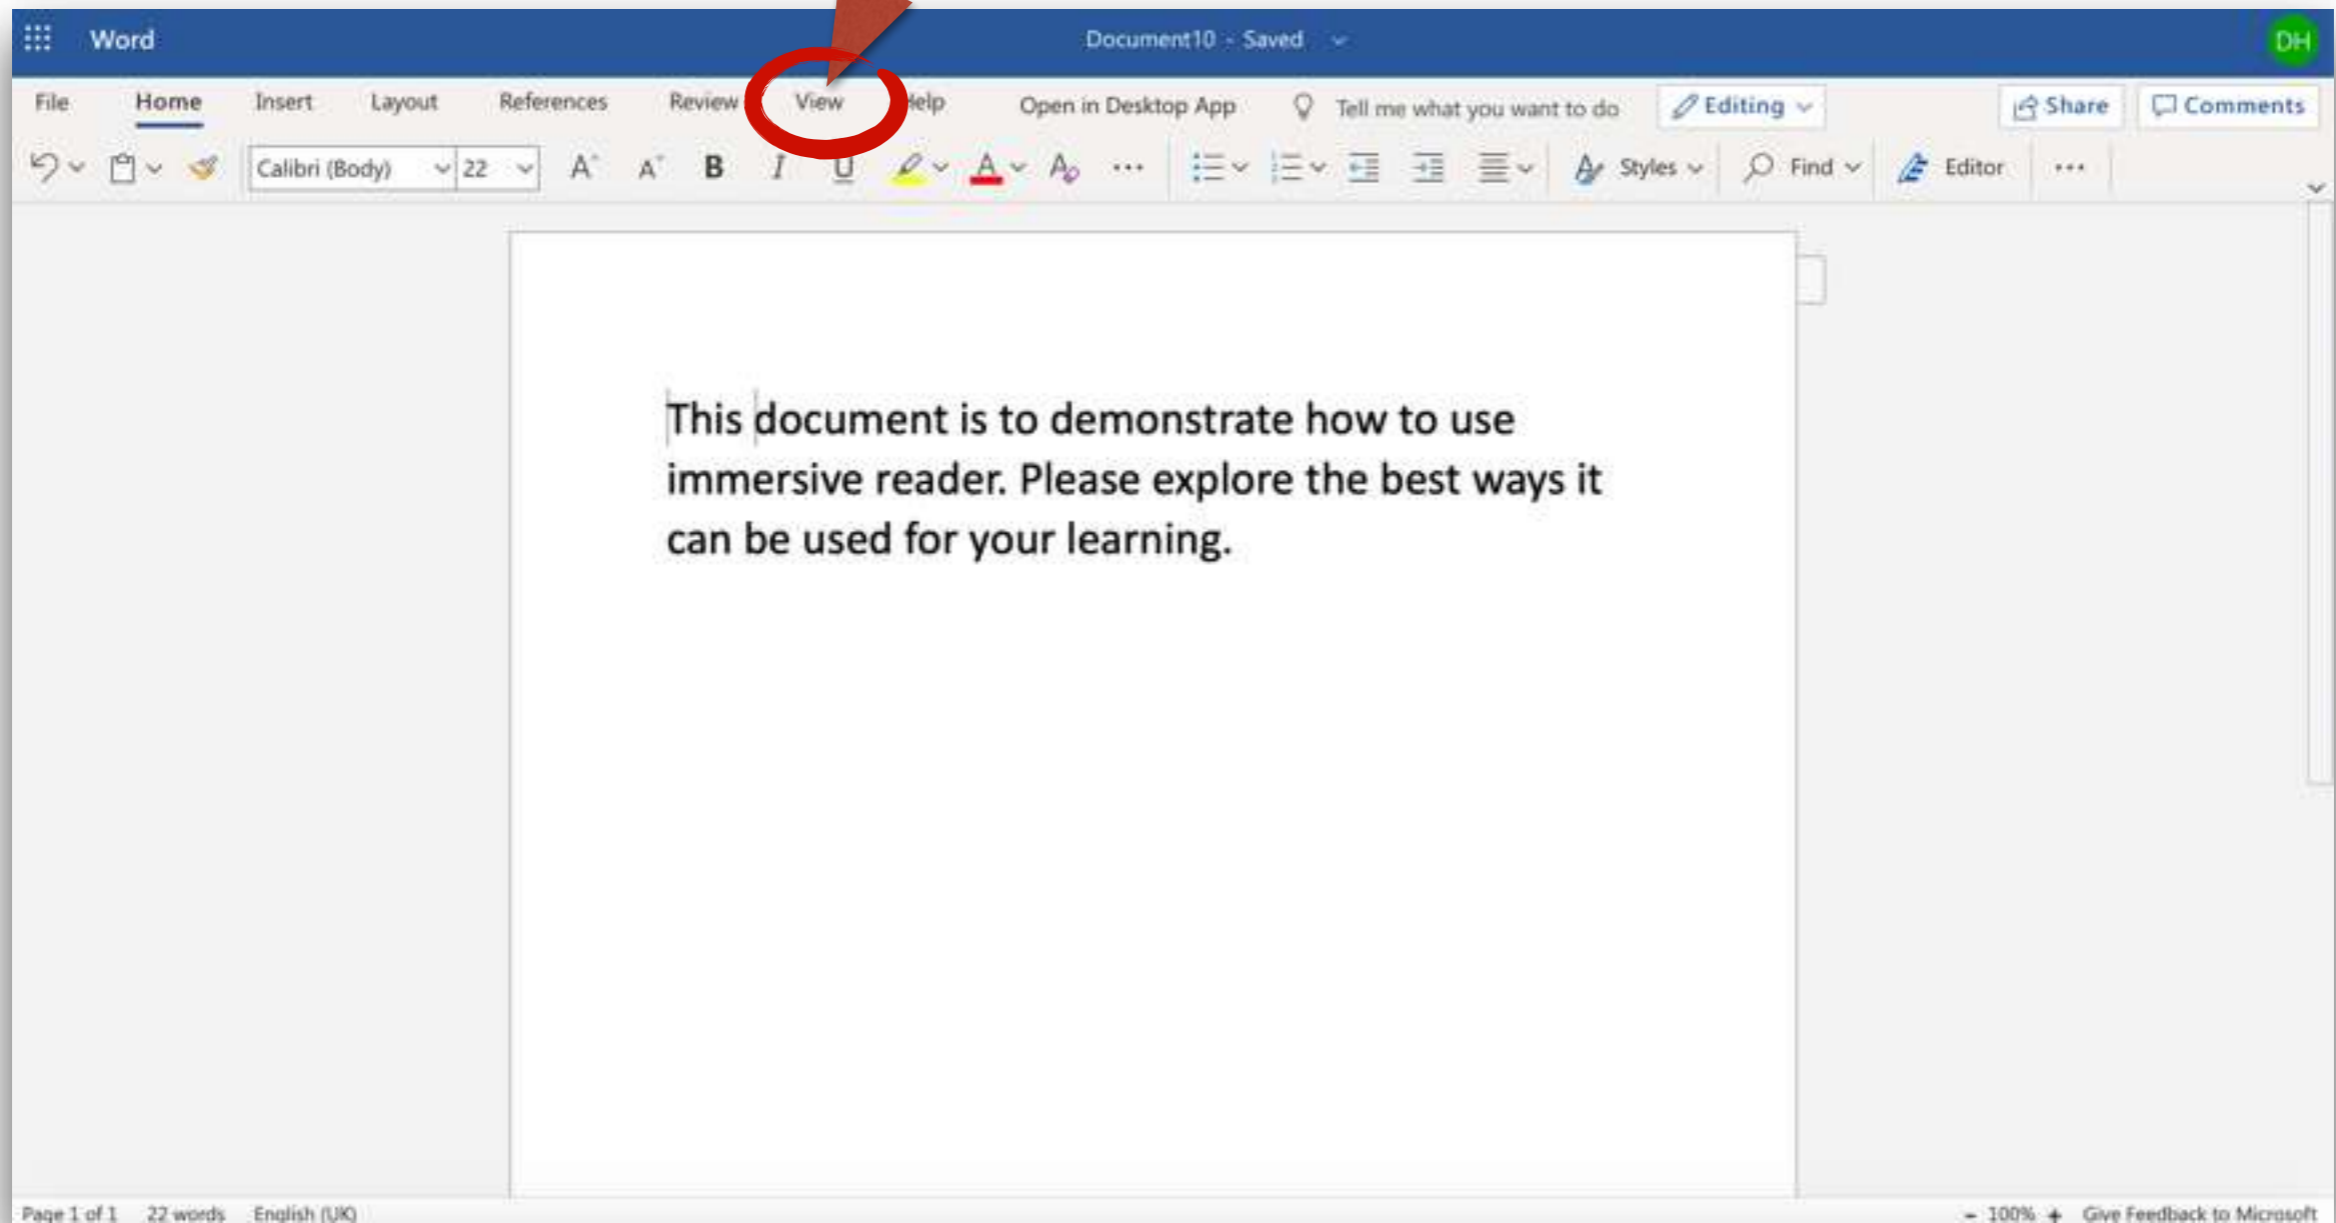

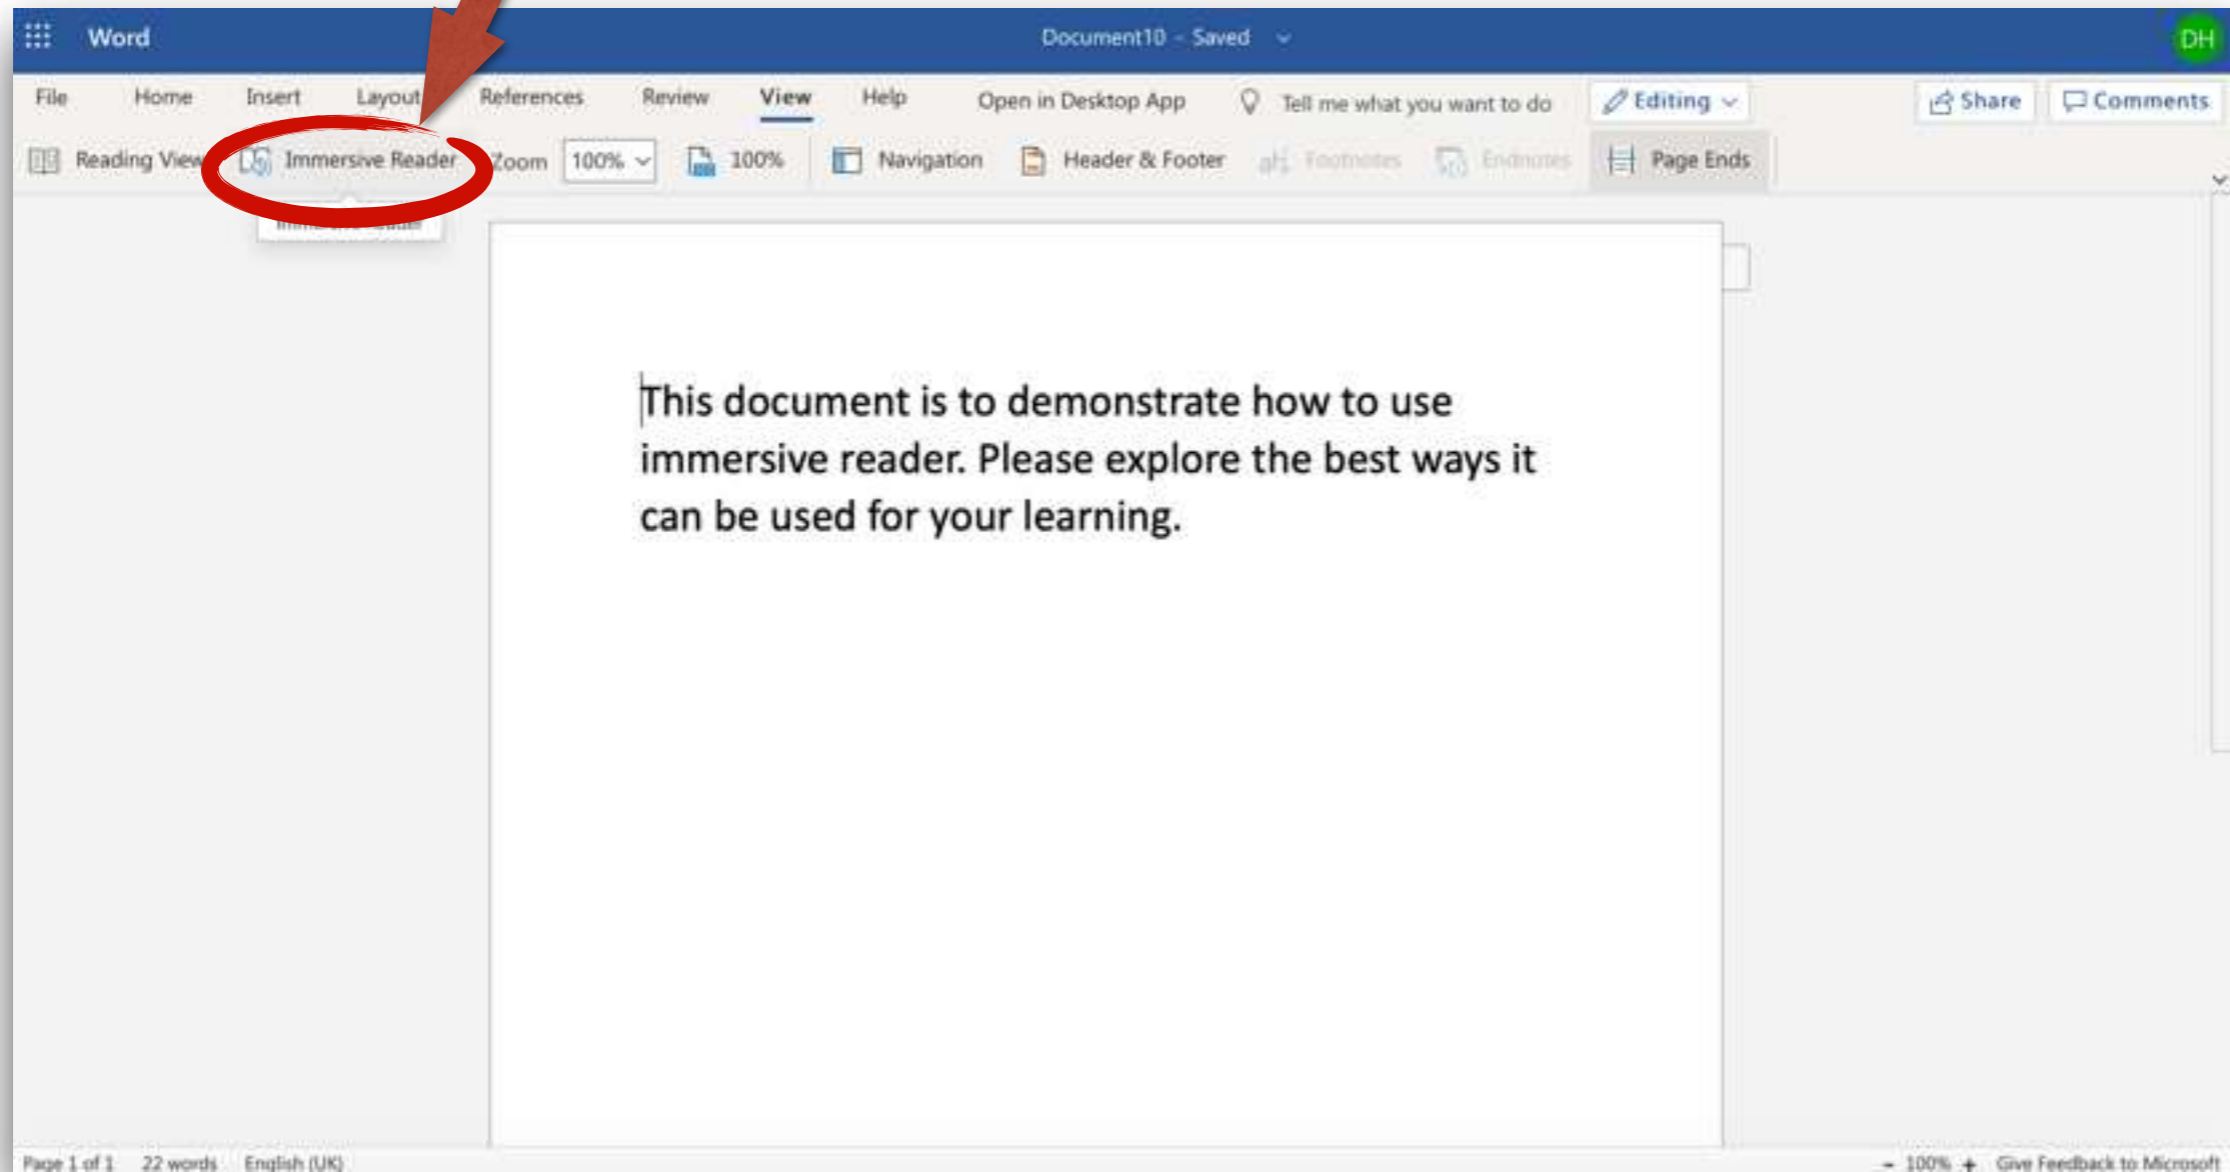

You can also change the language in text and have it read to you in this language also.

Select the View option

Select the 'immersive reader' option

Important

Office 365 is for school use only so all the rules and safety you have learnt apply the same.

Accounts will be checked regularly and you are to only email the teachers that are sending you work.

If you are worried about anything then ask parents to contact school for advice or support.
